RE: Responses to PSP for
Extraction Well Installation

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) responses to comments on the Project Specific Plan (PSP) for installation of extraction wells 33061, 33062, 33063 and monitoring well 63064.

The PSP has adequately addressed U.S. EPA's previous comments. Therefore, U.S. EPA approves the PSP for extraction well installation.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
